Live Fire Training Requirements

1. This standard shall be used to conduct all live fire training concerning acquired structures and/or training center buildings by definition of NFPA 1403.
2. The lead instructor and the incident commander shall share equal responsibility for all aspects of any live fire training.
3. All students will meet the prerequisites defined in NFPA 1403.
4. All persons participating in training shall meet OSHA 1910-134.
5. Any instructor wishing to teach live fire training in this State which will receive Commission credit, shall have to participate in a Live Fire Training Instructors course which has been approved by the Commission and pass a written test at the end of this class with a minimum passing score of 70%.
6. This class will be taught by personnel approved by the Commission on Fire Fighting Personnel Standards and Education with the only exceptions being the Tennessee Fire Academy on site facility.
7. The instructor in charge and the incident commander must attend and successfully complete a Tennessee Fire Fighting Commission-approved live fire training course and be a certified Instructor I by the Commission. All other instructors must be certified as Fire Department Instructor I by the Commission.
8. Departments must submit a completed application for live fire training for acquired structures to the Commission office 15 working days prior to training.
9. Any instructor that fails to meet any and all of these requirements shall be given written notice to appear in front of the Tennessee Commission on Fire Fighting for a disciplinary hearing. The instructors will be notified in writing of this hearing within accordance of Chapter 0360-5-1-.01.
10. No alcoholic beverages or drugs shall be on the training grounds at any time.
11. Any students participating in a live fire training exercise and appearing under the influence of drugs or alcohol shall not be permitted to participate in the exercise.
